You should try to get listed into as many free directories as you can for your website. There are many free directories that will help your rankings a few of these will be listed below. Please let us know if we can add some more:

- www.jayde.com
- www.botw.com
- dir.yahoo.com
- www.dmoz.org
- www.goguides.org

Get listed in these guides for starters. A couple of these will cost some money but it will be worth it. Also, depending on your website, all of these will list non profit websites free of charge. By far the Yahoo directory will provide the best bang, and the DMOZ is operated by the biggest bunch of sticklers in the business. But, just keep your chin up and get to building links, it can only help.
